

DOGS, PARKS & PEOPLE

The keys to successful visits to our parks, open spaces, trails, and designated off-leash area are to know the characteristics of your dog, train your dog to minimize any potential conflicts, and to take responsibility for the dog's actions. Keep these thoughts in mind when visiting with your dog.

- Ask before allowing your dog to greet other people or dogs
- Watch your dog for signs of interest in wildlife and correct any behavior which might lead to chasing or killing wildlife before it happens
- Pick up your dog's excrement to minimize the spread of disease and to ensure that other visitors are not offended
- Obey our leash laws and use good judgment
- Keep your dog up-to-date on shots and license
- If in doubt, please do not bring your dog to the off-leash area
- Report individuals who misuse the off-leash area and break leash laws

We hope you enjoy this new addition to our park system!

INTRODUCTION & OVERVIEW

Thousands of individuals and families visit our nearly 500 acres of parks, open space and trails each year. Visitors hike, bike, study and photograph nature, play sports, and visit with family and friends.

An important part of many families is the dog. As evidenced by the input received from residents there was a need in Massillon to recognize and respond to the legitimate needs of dog owners interested in the valid recreational activity of watching, and interacting with, dogs at play. The City provides many different recreational activities in its parks and other recreational facilities. It seemed appropriate to attempt to find a way to satisfy the needs of Massillon's dog owners for their choice of personal recreation.

Dog owners for many years have sought out less-used parks and have allowed their dogs to exercise off their leashes, in spite of the City's leash law. These dog owners represent, for the most part, responsible pet owners with well-behaved, well-trained dogs. They enjoy socializing with other pet owners while their dogs engage in active play. When the weather is inclement dog walkers are often the only people in the parks. But when the weather is good the parks are more heavily used, and there are more encounters with people apprehensive about an unfamiliar dog.

With this in mind, the Massillon Parks and Recreation Department has created an off-leash area within its existing park system for families who want to recreate with their dogs. Furnas Park (Hankins / 17th Street NE) now features two off-leash areas, for large dogs and smaller dogs. Exercise and obstacle course features will be added as this facility continues to be improved each year.
